Cooperation

Terms of Reference for Facilitation of Planning Workshop for the funding cycle 2025 - 2027 of the South Asia Office, New Delhi

1. BACKGROUND AND CONTEXT

The Rosa-Luxemburg-Stiftung (RLS) is a German political foundation that is part of the democratic socialist movement. True to the legacy of its namesake Rosa Luxemburg (1871-1919), it stands in solidarity with the workers' and women's rights movements. The organization serves as a forum for debate and critical thinking about political alternatives, as well as a research centre for social development. The RLS has close ties to the German party DIE LINKE.

The RLS has been accompanying political, socio-economic, and social developments in South Asia since 2004 and opened a regional office in the Indian capital New Delhi in 2010 (<https://www.rosalux.in>).

In the current funding period, the regional office in New Delhi is overseeing projects in India, Bangladesh, Sri Lanka, Nepal. The main focus of our activities is on India, due to its importance and size in South Asia. The RLS is registered in India as a Liaison Office of the headquarters in Berlin. This status also defines our way of working in the country.

The main areas of our work are Social Justice, Social-Ecological Transformation and International Dialogue. Most of our projects are implemented together with partner organisations in the South Asia region such as research institutes, universities and non-governmental organisations.

The programme is being implemented with funds from the Federal Ministry for Economic Cooperation and Development (BMZ).

2. PURPOSE AND EXPECTATION OF THE WORKSHOP
